As a member of the Center for Science in  
the Public Interest (CSPI), I urge you to  
save human lives by banning the use of  
medically useful antibiotics in animal feed.  
Adding antibiotics to feed in order to pro-  
mote growth can make bacteria resistant  
to those antibiotics. And that can leave  
physicians with no way to treat life-threat-  
ening bacterial infections in humans. That's  
why I support the petition filed by CSPI.
